

# Safety Orientation Video

This safety DVD is an important training tool that can be used to prepare new hires and remind experienced employees of the best practices and procedures necessary for a safe workplace. It is a ***must have*** for every employer concerned about employee safety and is an updated version of the video produced in 2001.

The DVD offers English (20 minutes) and Spanish (27 minutes) versions and gives an overview of the tasks that employees complete as part of their job, the associated hazards involved with those tasks, and safe procedures for completing them. It covers the following topics:

- Emergency Action Plans
- Respiratory Protection
- Working Safely Around the Dump Pit
- Housekeeping
- Engulfment/Entrapment
- Slips, Trips and Falls
- Working Safely Around Electricity
- Lockout/Tagout
- Sweep Augers and Entanglement Safety

An accompanying workbook (or training manual) that includes a quiz and a training checklist to help ensure your employees' understanding of the content is posted on the GFAI website for download.
