What a generous couple the Potters are. The facility that we stayed in was awesome to us. Everything one might need was there except our food and clothes. The porch/deck was a great place to watch the sun set over the mountains and a great area to get your Christmas shopping done.

We, the Docherty Family, did just that for a month in the cozy quaint Potter home. I was inspired by the art, theater, restaurants, museums and nature of Prescott, AZ and the family enjoyed hiking the parks of Prescott, Sedona and the Grand Canyon. We skied the slopes in Flagstaff, visited the mining town of Jerome as well as experienced a wonderful safari day at the "Out of Africa" Wildlife Park.*

Enjoyed our stay in April 2014 at the Potter vacation home at Prescott, Arizona. Clean, quite and relaxing place to enjoy some down time plus it's close enough for day trips to the Grand Canyon, Sedona, Payson, Phoenix and Tucson. This was our first visit to Prescott and we enjoyed it very much. Thanks again to Mr. & Mrs. Potter for supporting the Scholarship Fund.
